

Education

◆ Mrs Kmpm Vocational College

2021 - Present

BCA-Computer Application

Projects

◆ Portfolio Website

A simple portfolio website made using ReactJs and some npm packages along with some backend integration

◆ Btc Farm

A simple website made as a freelance project using ReactJs (Figma design to ReactJs Website)

◆ Text Utils

A text based utility website that performs some operations on given text.

Made using ReactJs.

Achievements

I have completed some of the projects which have a very tough to design user interface.

Aditya Raj Chauhan

Web Developer

About Me

A passionate web developer curious to learn new technologies currently having a hands on experience in ReactJs
